

# A HOME FOR EVERY CASA CHILD

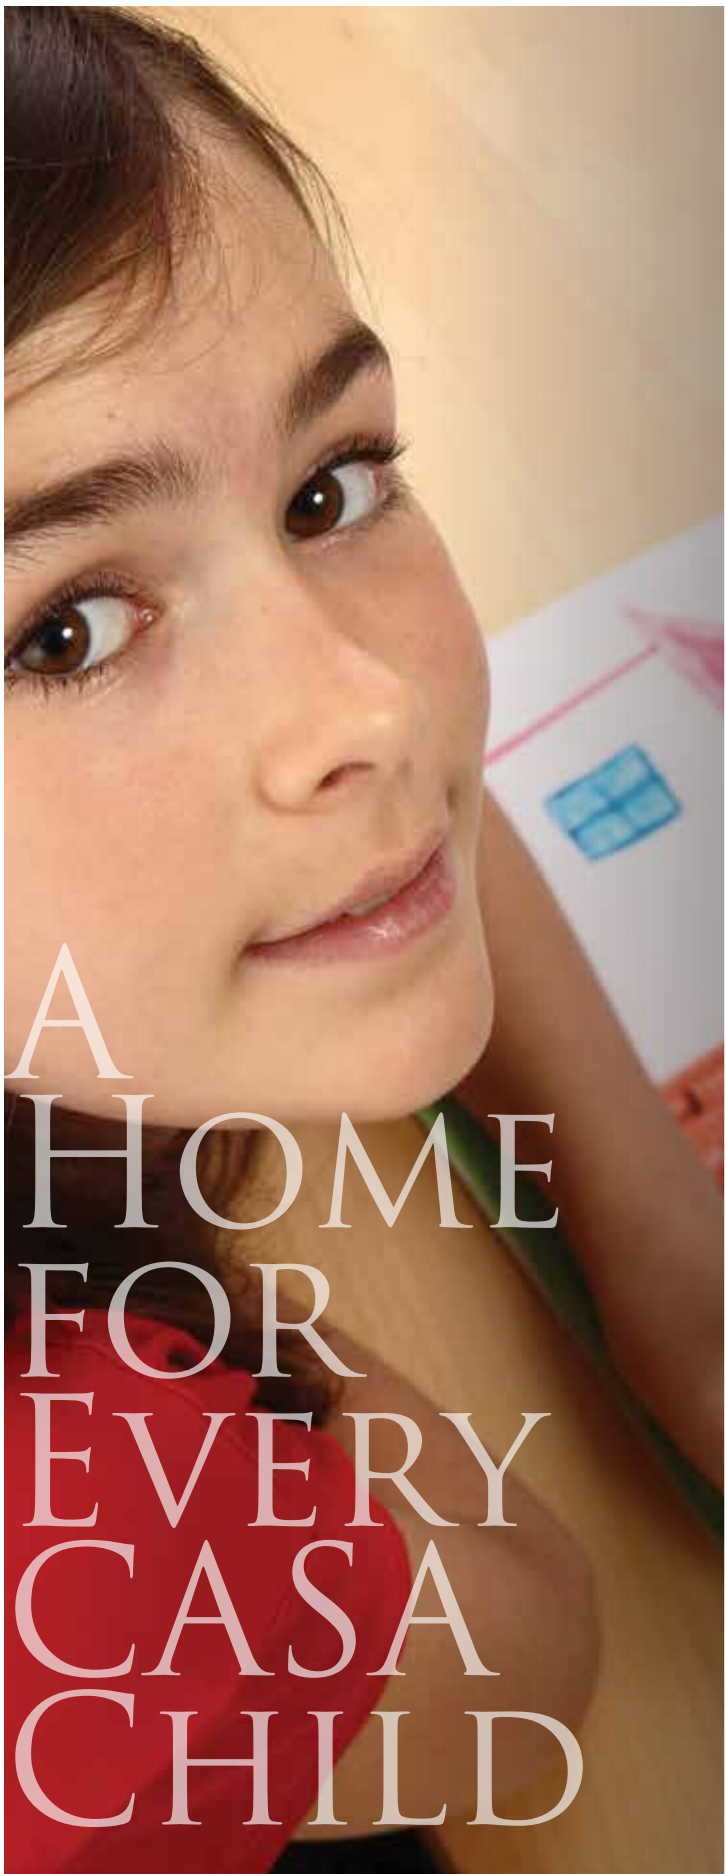

**CASA**

Court Appointed Special Advocates  
**FOR CHILDREN**

**DENTON COUNTY**

**2012  
ANNUAL REPORT**

# A HOME FOR EVERY CASA CHILD

Dear CASA Family,

In 2012, Court Appointed Special Advocates of Denton County celebrated 20 years of service to abused and neglected children in Denton County. We are fully aware that this is because of you, CASA volunteers, CASA supporters, CASA peers in the local child welfare system. Simply put - thank you! Thank you for helping us succeed and thank you for helping us help children in need.

As we reflect on the past year, one common theme keeps popping up in our conversations, in our literature, on our website, at our events, and in the very core of the work we do – “Every CASA Child Deserves a Home.” We don’t want children lingering in the child welfare system for extended periods of time and we don’t want children to emancipate from this system without a “forever home.” As you look through this CASA of Denton County 2012 Annual Report, you’ll notice many accomplishments and many “ups” for the program. These are all with one goal in mind – to ensure a permanent home, free of abuse and neglect, for every CASA child.

We know the work we do is important and life changing. We appreciate that you know that too. Your investment in CASA and the children we serve is critical. Please join us as we begin the next 20 years in our continued mission of a safe home for every CASA child.

*Sherri Gideon*

Sherri Gideon

Executive Director

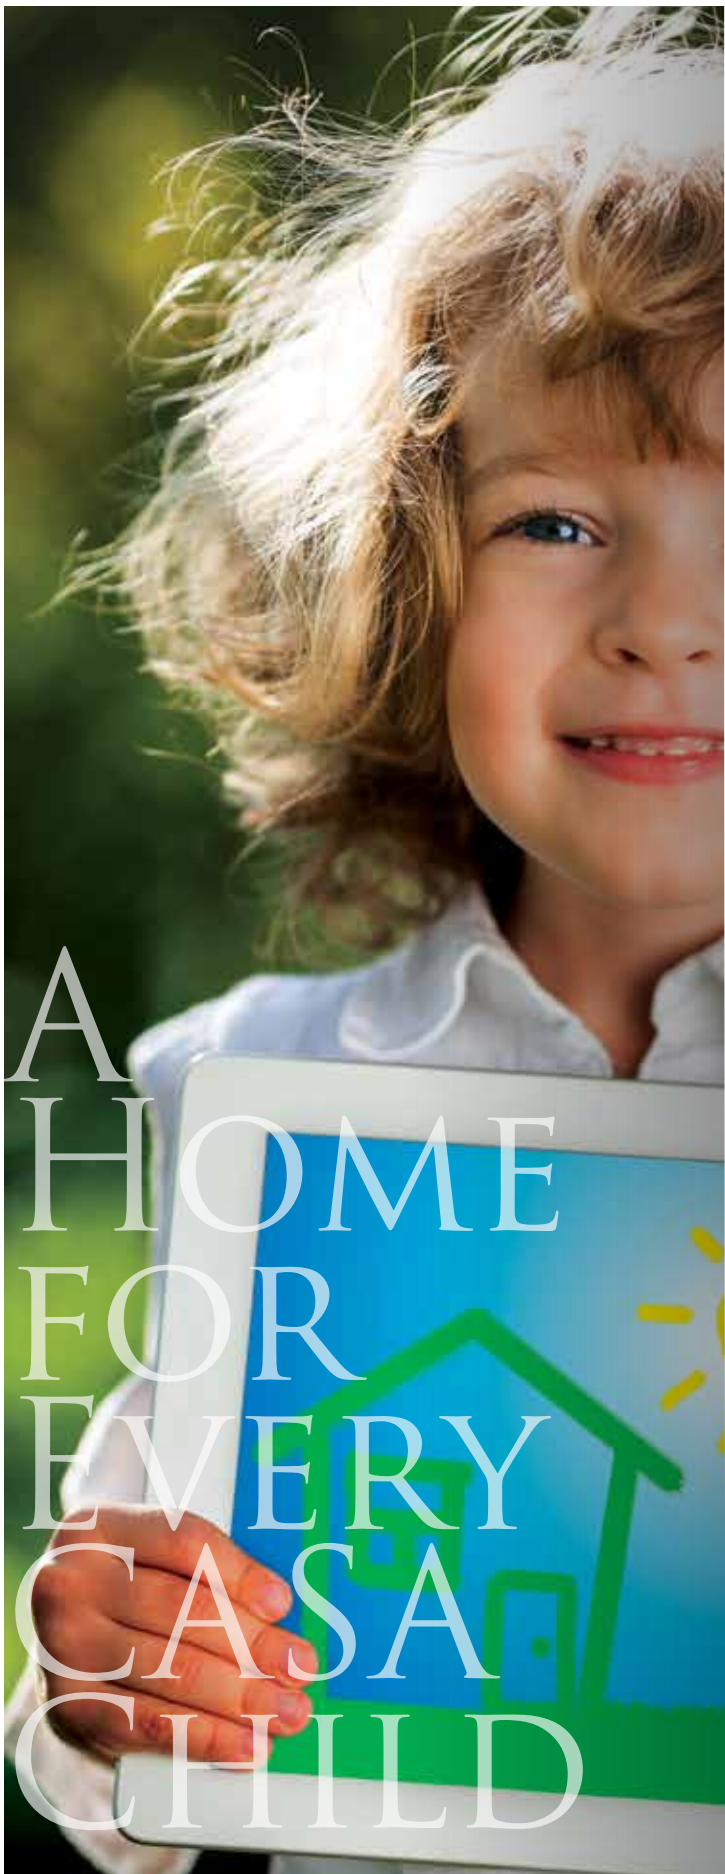

Jennifer entered foster care when she was eleven months old.

Jennifer's mother was seventeen when she gave birth and was addicted to methamphetamines. Jennifer took her first steps and said her first words in foster care. Her mother however successfully completed her Child Protective Services (CPS) service plan and a six-month intensive outpatient treatment program, and was reunited with her daughter when Jennifer was two years old.

# A HUG FOR EVERY CASA CHILD

A  
HOME  
FOR  
EVERY  
CASA  
CHILD

## SUCCESS

CASA had a banner year in fund raising in 2012. Two signature events, the Pulling for Kids Sporting Clay Event in May and the Evening of Elegance Celebrity Waiter Event in October, had record numbers of attendees and raised record amounts totaling more than \$173,000 and 26% of the annual operating expenses. Other events and campaigns including CASA's direct mail solicitations, parking cars at the Denton Arts & Jazz Festival, the Cloud 9 Art Gala, Cloud 9 Fashion Show and the Kiwanis Club of Southern Denton County Tolltag Triathlon raised an additional \$50,000 in support of CASA's services to abused and neglected children! We are truly blessed by such an amazing, giving and charitable community that cares about children.

Thank you!

When Jennifer was five years old she entered foster care for the second time in her life, this time with her baby sister, Natalie. Jennifer's teeth were so rotted that they had to be pulled and her hair was infested with lice. Natalie was two years old and weighed only thirteen pounds. She was severely dehydrated and could not move her arms or legs out of the fetal position. She didn't cry or make eye contact with anyone. The only voice she responded to was her sister, Jennifer's. She did not speak and it was immediately assumed that she must be mentally retarded or autistic. Her teeth were also rotted and had to be removed. The mother was using methamphetamines again and this time was stealing to support her habit.

A close-up photograph of a woman with dark hair, wearing a white t-shirt, smiling warmly as she holds a baby. The baby is wearing a yellow shirt and is looking up towards the woman. The background is softly blurred, showing more of the woman's face and upper body. The overall mood is tender and loving.

LOVE FOR  
EVERY CASA  
CHILD

# NUMBERS

You can see the numbers on the charts of children served in 2012, what you may not see are the numbers of children not served. In 2012, CASA served 455 children, representing 70% of the children in Denton County who were eligible for CASA services, up more than 6% from the 429 children served in 2011. In the new 2013-2016 strategic plan, CASA is working to secure more funding and engage more community members as volunteer child advocates in an effort to serve all of the children in our community in need.

# RESOURCES

In addition to and because of our fund raising success in 2012, CASA added other resources in our effort to serve more children. In September, the CASA Training Coordinator position was changed so there will be a new emphasis on recruitment of volunteer child advocates. In the past, all staff and board members have had "volunteer recruitment" as a part of their job description and we reacted to opportunities to share the mission. Now, the Training Coordinator will lead and coordinate our efforts in a proactive way, seeking opportunities to share the CASA story and expand our recruitment efforts. Also in September, CASA added a sixth full time casework supervisor position. This position will help CASA serve up to 75 more children in 2013.

A close-up photograph of a young girl with vibrant red hair, smiling broadly and showing her teeth. She is holding a bouquet of yellow dandelions in front of her. The background is a soft, out-of-focus green, suggesting an outdoor setting. The lighting is warm and natural, highlighting her features and the bright colors of her hair and the flowers.

A CASA volunteer child advocate was appointed to Natalie & Jennifer's case and visited both girls at the hospital the same day they were removed. She immersed herself into all the medical information and was instrumental in helping to locate the best available foster home for these two girls. The CASA advocate spent approximately 30 hours a week with the children for the first few weeks attending doctor appointments and facilitating therapies for the girls. CPS funding was cut during this time, which meant that the tests Natalie needed would have to wait. This was unacceptable to our advocate and she set her mind to finding other ways to get the testing done. After several days of trying, she secured an appointment with Scottish Rite Hospital. Mental retardation was ruled out, and the doctors felt the autism was mild. They were still unsure why her muscles had atrophied. Through many visits and talks with Jennifer, the advocate learned that Natalie had seldom been removed from her baby carrier. The advocate shared the information with Natalie's doctors, who agreed that it was a likely cause of Natalie's lack of muscle development. Intensive daily physical therapy was needed, but CPS and the foster parents were unable to provide transportation for the daily hour-long commute. The advocate volunteered and made every appointment with her CASA child for the required four weeks.

HAPPINESS  
FOR EVERY  
CASA CHILD

A close-up photograph of a child's hand holding a blue pencil, drawing a house on a yellow background. The drawing is simple, with a blue roof and a blue body. The background is a mix of yellow and blue, with some red and pink colors visible in the upper left corner. The overall tone is bright and colorful, suggesting a creative and hopeful environment.

# CASA INTERIOR

Through the generosity of the Rees-Jones Foundation, the CoServ Charitable Foundation, the Denton South Rotary Club, Dal-Tile and Custom Building Products, in December, CASA teamed up with Links Construction to begin a complete interior renovation project to the CASA Administration Office on Bell Avenue. These much needed renovations will make more efficient use of the space in our building, allowing CASA to host volunteer training on site and allow for growth in staff for the next several years. We'll look forward to reporting completion of this project in 2013!

A  
HOME  
FOR  
EVERY  
CASA  
CHILD

A young girl with curly hair is sitting on a colorful slide. She is wearing a black t-shirt with a small white logo, light blue denim shorts, and pink sandals. She is looking towards the camera with a slight smile. The slide has purple and orange sections. The background is a blurred outdoor setting with greenery.

The next year of Natalie's life was difficult and filled with physical struggles. Doctors believed that Natalie would probably always require a wheel chair and never be able to live independently. CPS decided that Jennifer and Natalie might have to be separated in order to meet their individual needs. For a second time, the CASA advocate determined that this was unacceptable and searched for a way to keep the two sisters together. She searched in Texas, but found nothing. Instead of accepting defeat, she widened her search to all fifty states and was successful! Today the girls are living together on a farm in rural Kansas with adoptive parents who have raised two special needs children. When the CASA advocate last visited them in Kansas, she watched as Natalie struggled to climb a three foot ladder and slide down by herself. It was a very common occurrence in most children's lives, but it was a miracle for Natalie. As the advocate was leaving, Jennifer thanked her for helping her find a "good mommy and daddy." Natalie said the advocate's name, another miracle.

There is a home for every CASA child. We simply have to be diligent in locating the right home. CASA advocates not only help children navigate the maze of our child welfare and court systems, they provide hugs, love, happiness and hope for these children - hope for the kind of future that they so deserve.

# HOPE FOR EVERY CASA CHILD

# 2012 Stats at a Glance

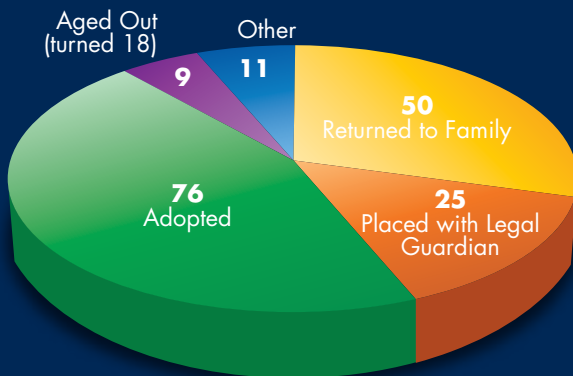

## OUTCOMES

- 96% of CASA recommendations were accepted by Judges/Juries.
- 56% of children achieved permanency within 18 months of CASA's acceptance of the case.
- 2 children served by CASA entered the child welfare system for a second time within six months of case closure.

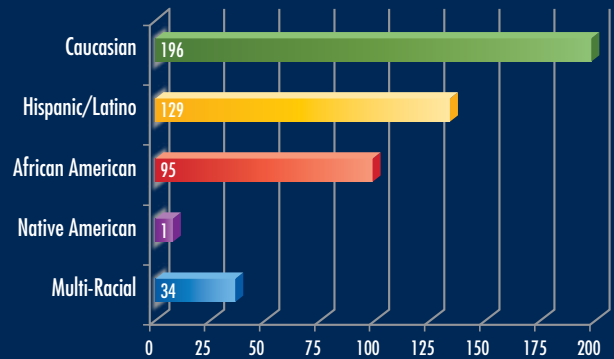

## VOLUNTEERS

- Average length of time advocates stay with CASA of Denton County is 3 years or 36 months.
