CASA of Denton County's court advocacy program staff, including Mary Cartright, above, have more than 225 years of combined work experience in child welfare, family support programs, education and social work.

Top Funders in 2022

Pulling for Kids, our annual sporting clay tournament, has raised more than \$2 million to provide advocates for children from Denton County affected by abuse and neglect since its founding in 2001. Loyal shooters, sponsors, and volunteers return year after year for this amazing day in support of CASA's mission.

Children from our community need advocates today.
